

TPG4-6000HDX

TPG-series generators are designed to withstand the severe conditions of construction jobsites or industrial applications, especially where extra durability and dependable, stable power are required. Ideal to supply the power to Tsurumi's single-phase submersible pumps and all your electrical power tools such as drills, saws, lighting and heaters. All units are powered exclusively by Honda and meet all EPA evaporative emission regulations and OSHA job-site standards.

- Powered by an 11 hp Honda OHV engine with low level oil alert system.
- Automatic Idle Control.
- Rubber Vibration Pads isolate the generator/engine set reducing vibration.
- A large silent muffler with spark arrestor greatly reduces noise.
- Easy recoil start. Large air filter for emissions control.
- 6.6 gallon fuel tank.
- Rated load run time 8.5 hours.
- Noise level on a rated load is 72dB.
