

Indoor/Outdoor Air Conditioners

DESIGNED FOR MANUFACTURING, AEROSPACE
AND BUILDING/PLANT ENVIRONMENTS

These units provide large area cooling with high capacity and high performance air conditioning for commercial, construction and industrial applications. They offer all-in-one services for air conditioning and dehumidification needs. The equipment comes either skid or trailer mounted for ease of use and portability. The PAG-300 is industrial rated and self contained. All our equipment is UL listed for outdoor use.
